

## **What Credit Unions are saying about Byrd Baggett ...**

“A standing ovation is nearly unheard of but you got it and earned it! Thanks to you, our Volunteers’ Conference was one of the best ever. I feel confident that everyone in attendance took back something that will make them a better leader within their credit union and a better person. You really make a difference!”

- Cheryl Lancaster, Member Services Manager, Maine Credit Union League

“Your presentation was indeed a blessing to me personally. You were the top rated speaker at our convention. There is not much more I can add except **thanks for a job well done!**”

- Tom McWilliams, Vice President, Mississippi Credit Union System

“You did an excellent job delivering your presentation, a presentation that will help us better serve our members. You kept everyone interested and motivated throughout the day with your energy, content and humor. It would be an honor to speak to anyone regarding your services.”

- Marlene Luke, Vice President, Louisiana Credit Union League

“I am the spouse of a credit union board member who attended your presentation in Louisville. We enjoyed your presentation, as you are a gifted communicator who stresses the value of treating people with dignity and respect. Thanks for a great hour. We hope to hear you again someday.”

- Bobbie Sue Chumbler, Attendee, Kentucky Credit Union League

“Your presentation rated 5.0 (out of a possible 5.0) from the participants at our Annual Convention. Comments included: “Best of the best” – “Great session” – “Those who missed it missed a great time” – “Everyone needs to hear Byrd.” Thanks for helping us celebrate our credit union family.”

- Gail Pickett, Education Director, Kentucky Credit Union League

“You were the perfect choice, as your message, your humor, and your presentation style provided the closing that we wanted for this important meeting.”

- Don Graham, Director, Virginia Credit Union League

**Byrd Baggett is the choice when you want words that teach, touch, and challenge.**
