Dear Byrd

I would like to extend a sincere thank you for taking part in the 2007 Annual Meeting in Myrtle Beach. The South Carolina Credit Union League appreciates your professionalism and the delivery of your sessions.

It is my pleasure to share with you the summary of the evaluation sheets from the participants. Your session entitled "*Dare to Grow*" scored a 4.97 and out of a possible 5. Please allow me to share some of the comments from the participants; "Best speaker SCCUL has ever brought!", "Keeps you interested in hearing more", and "Excellent session – he packed so much in". We did not have an individual evaluation sheet for the opening session, but I can tell you that you were hugely responsible for the success of the conference. Many of the comments on the overall evaluation sheets complimented you with such comments as; "Byrd was wonderful" and very informative and gives you something to think about".

Enclosed is a check to cover your travel expenses and again, thank you for being part of our conference. I hope to see you again here in South Carolina.

Also, thank you so much for the book. You are truly an inspiration!

Best Regards,

Barbara Lehen-Bickley
